**(1) Amendments after allowance – 37 C.F.R. §1.312**

**(2) Request to enter specification amendments**

**(3 Request for CORRECTED FILING RECEIPT (with proper TITLE);**

**and**

**(4) Request for BIBLIOGRAPHIC DATA SHEET (with proper TITLE)**

The Applicant respectfully submits the following SPECIFICATION AMENDMENTS.

A notice of allowance under 37 C.F.R. § 1.311 has been received in the above-referenced U.S. utility patent application.

The issue fee has not yet been paid in the above-referenced U.S. utility patent application.

This filing is being addressed to “Mail Stop ISSUE FEE” in accordance with all communications following the receipt of a PTOL-85, “Notice of Allowance and Fee(s) Due.”

The Applicant respectfully asserts that these amendments add no new matter and do not expand the scope of the allowed claims.

In reviewing the file wrapper of the present U.S. utility patent application, the Applicant notices, as most recently evidenced on the Notice of Allowance, dated 01-15-2010, the title is improperly depicted thereon. The title of the present U.S. utility patent application is also improperly listed in the Application Data Tab in private PAIR and also in the **BIBLIOGRAPHIC DATA SHEET**, dated 01-12-2010, as improperly being “Classifier for IEEE 802.11G Receiver”.

The Applicant respectfully requests that the Examiner ensure that the title of the present U.S. utility patent application and subsequently issued U.S. patent are properly depicted (in all locations: i.e., Application Data Tab in private PAIR, **BIBLIOGRAPHIC DATA SHEET**, **CORRECTED FILING RECEIPT**, etc.) as follows:

“Classifier for communication device.”

The Applicant also respectfully requests the United States Patent and Trademark Office (USPTO) issue a **CORRECTED FILING RECEIPT** and also please issue a new **BIBLIOGRAPHIC DATA SHEET** that each properly depict the accurate title. Moreover, the Applicant requests the Application Data tab in private PAIR be updated to reflect the correct title.

The Applicant requested the title and the specification amendments set forth in this Amendment after Allowance - 37 C.F.R. §1.312 be amended in a response to a non-final office action filed by the Applicant on 06-30-2008 (i.e., EFS ID # 3541422). The Applicant reminded the Examiner in a second request to enter the specification amendments on 11-03-2008 (i.e., EFS ID # 4222000). The Applicant also requested that the title to be amended in a response to final office action filed 03-09-2009 (i.e., EFS ID # 4931953), a Request for Continued Examination (RCE) filed 04-14-2009 (i.e., EFS ID # 5154664), and again in the response to a non-final office action filed by the Applicant on 10-07-2009 (i.e., EFS ID #6222755).
